Internships	
Lonar Technologies Pvt. Ltd. Finance Intern (1st May, 2026 to 31st July, 2026)	• Worked on **Tally Prime** for recording and maintaining day-to-day accounting transactions and financial records. • Performed **account reconciliation** by verifying ledger balances, matching transactions, and identifying discrepancies. • Assisted in **general accounting activities**, including bookkeeping, ledger maintenance, transaction verification, and maintaining accurate financial records.
F.M Fabrication Accounting Intern (2022 – 2024)	• Managed day-to-day accounting tasks including invoice preparation, data entry, and record maintenance. • Assisted in reconciling daily financial transactions and verifying supplier bills to ensure accuracy before posting. • Supported the month-end reporting process by organizing financial documents and preparing basic summaries for the senior accountant. • Coordinated with vendors and internal departments to resolve invoice discrepancies and ensure timely payment processing.

Key Expertise	
Technical skills & Soft skills	• Communication Skill • Problem Solving • MS Excel • Time Management • Teamwork • Power BI • Bloomberg

Key Projects	
Financial Modelling and Valuation – Larsen & Toubro Ltd.	• Analysed **[5]** years of L&T's historical financial statements and key ratios (margins, ROE, leverage) to assess operating performance. • Built an integrated **Excel** model forecasting revenue, EBITDA and net profit for **[5]** years, driven by **[order inflow / margin]** assumptions. • Estimated intrinsic value using **DCF (WACC [X]%, terminal growth [Y]%)**, giving a value of **₹[Z] per share vs. CMP ₹[A]**. • Cross-checked valuation with **comparable company analysis** against **[N]** peers (e.g. [peer names]) on EV/EBITDA and P/E. • Ran **base / bull / bear scenarios** to show the valuation range of **₹[low] to ₹[high]**
Financial Analytics Dashboard – Larsen & Toubro Ltd.	• Developed an interactive **VS Code dashboard** to visualize financial KPIs, historical performance, forecasting and valuation metrics. • Built a **Python/Streamlit-based financial analytics dashboard** to analyze financial models through KPI analysis, forecasting, DCF valuation, peer comparison and scenario analysis. • Created interactive views for **operating performance, valuation, risk/model checks and comparable companies**.
Business Analytics Dashboard – Blinkit	• Built an interactive **Power BI** dashboard tracking sales, orders, delivery performance and **[N]** key business metrics. • Wrote **DAX measures** (e.g. **[AOV, delivery time, order growth]**) and cleaned the dataset of **[N]** records before visualising. • Identified **[one real insight, e.g. peak-hour delays or top-selling category]** that could inform business decisions.
Major Achievements	
Team Member – Football Club	Team member of the school and college football club, actively contributing to teamwork, discipline, and on-field performance.

Certifications	
Spreadsheet Modelling Certification – Udemy	Completed a Udemy certification in Spreadsheet Modelling, gaining hands-on skills in data organization, formula application, and building structured financial models. Gained experience in generating financial reports
Financial Literacy Program "TradeSchool" (NISM x Alice Blue CSR Initiative), March 2026	• Completed a 4-day financial literacy program on securities markets, organised by the **National Institute of Securities Markets (NISM)**, a SEBI capacity-building initiative. • Scored **97.0**.

Economics: Quantitative Demand Analysis	• Learned key concepts such as price, income, and cross elasticity of demand. • Understood how market factors impact consumer demand and business decisions. • Gained practical exposure to quantitative methods for demand estimation.
Extra-Curricular Achievements / Activities	
AI & Data Analytics Workshops Attendee	Attended skill-enhancement workshops on **Generative AI** and **Power BI**, gaining practical exposure to AI tools, data visualization, and analytical decision-making.
Language Know	
	• English (R/W/S) • Hindi (R/W/S)
